Arcedior™

WHERE VISION EVOLVES INTO REALITY

→ HNI Residences

Global procurement for world-class HNI residences

Arcedior has grown bigger and better. We have progressed from single to global procurement so as to address the refined tastes of individuals with HNI residences in ways that perfectly blend exclusivity and individuality.

Post gaining command of the diverse markets of China, we have expanded our procurement network to global markets. The first leg of our expansion includes the captivating markets of India, Indonesia and Italy.

Our extensive experience including some of the most prestigious projects for renowned names from the industry has fine-tuned our expertise. We explore, innovate, discover, examine and deliver exclusive solutions which impress.

We are passionate about our work and are progressing continually to be the trend-setters in the field of global procurement.

People-focused collaboration

Our approach is simple: Collaborate and realize. Our motto, even simpler: Delivering the ideal solution, on time.

We build a solid foundation for every project, by first understanding the vision of every stakeholder involved, by interfacing with them collaboratively. Based on this we develop innovative and cost-effective strategies, without compromising on creativity and quality.

Because we are obsessively meticulous about what we do, our global procurement process is absolutely thorough and includes extensive quality checks and seamless logistics planning. So you can be sure of an ideal solution, delivered on time, every time.

From our clients to our internal stakeholders, people are the heart of what we do.

SOME OF OUR HNI PROJECTS

09

Expertise for Exceptional Results

Our global procurement expertise translates into efficiency, cost-savings, unbeatable quality, exclusivity and dedicated customer support, for every client of ours.

Procurement is no mean feat, especially when it involves multi-national cultures, markets, business practices and people. But our extensive knowledge, sound technical know-how and years of expertise help us deliver exceptional results, every time. Be it for single or for multi-location large-scale turnkey projects.

We leverage our purchasing and management expertise, along with extensive network of the best suppliers, to create maximum value for our clients.

We are passionate about our work and are progressing continually to be the trend-setters in the field of global procurement.

Delivering on time and within budget

Why Global Sourcing

Whether it's a rug woven with threads of rich culture from India, or a modern sculpture from Italy; when it comes to addressing the refined tastes of individuals with HNI residences, no one does it better than us.

We source products which are not only exclusive but also a true reflection of your tastes and styles. Because, we believe, that when it comes to turning a house in to home, nothing matters more than individuality.

We have procured diverse styles of decor and architectural elements for 500 + residences across India, USA, Dubai, Oman, Angola and Brazil.

Blend of exclusivity and individuality

Exploring the Arcedior Advantage

We at Arcedior are well-equipped to handle the diverse adversities presented by global procurement. These include reducing geographical barriers in terms of timely delivers, cultural differences, traditional business practices and more.

Understanding the natives and the local business textures, establishing trustworthy and transparent relationships is what drives global procurement. You need not worry about this, when you collaborate with us.

Our wealth of experience helps us streamline the entire procurement process including the above mentioned challenges. We truly can turn the adversities of global procurement into advantages for you.

Frequently Asked Questions

Can I order furniture customised to my size requirements?

Yes. The product size can be customised as per your requirements or you can also choose from the standard sizes available.

Do factories compensate for damaged goods?

The goods are shipped only after thorough inspections by the factories as well as our experienced team members. However, in few rare cases such as – a) there is a minor damage like a chip/scratch, it can be easily retouched to flawless perfection by a professional at nominal charges, b) Standard export packing insured, c) if a replaceable part is damaged, we shall help you get a replacement and d) if an incorrect product is supplied, we will help you get it replaced with a correct piece.

How soon can I expect the delivery?

The earliest possible delivery is within 2-3 months as it usually requires around 2 months for production and 1 month for shipping. However, it can be different for every order depending on the business norms of the country that you order from and the time it takes to reach you.

Can I get both loose as well as fixed furniture?

Yes.

How durable are the goods?

Goods sourced by us undergo the most stringent quality checks. We take utmost care to procure only superior quality products from only the best and the most trusted suppliers.

Can I only buy furniture?

Yes, you can.

How soon can I get a price quotation?

Once we have complete details regarding your requirements, you will receive the price quotation within 7-10 working days.

Do you manufacture also?

No, we don't manufacture. We are sourcing specialists and help you identify the best products from across the world, as per your requirement and taste.

What is your pricing model?

Ex-factory prices are offered first, followed by the actual expenses which include applicable additional charges.

How can you ensure the best quotes from suppliers?

We only work with the most trusted suppliers and follow a strict procedure for verifying the quotations sent by them. We validate the quotations with the help of a detailed BOQ with complete specifications of raw materials to be used, set of drawings, reference images and 3D views.

Do your services also include installation?

We arrange for the installation of products on request.

How can I be certain that what I order is what I get?

Right from the manufacturing stage we see to it that the products are designed to suit your requirements. Also before shipping, we doubly inspect the goods, send across pictures and other relevant documents for client confirmation.

*"Do it with passion, or not at all."
— Rosa Nouchette Carey*

Our Client's Advantage

Our 12-step Service Model

We have built an inclusive service model to ensure that our clients enjoy a zero-worries sourcing experience.

Arcedior Office

Loved what they said

"Arcedior proved to be a one stop shop for all the material that we needed for our projects. The varied products range that they have to offer let us awestruck. Will surely refer them to others."

Kamlesh Modi - Owner of Himalayan Buildcon

"Arcedior - The name says it all. Excellent people to work with, dedicated and honest team of professionals. I highly recommend them and wish them the best."

Shabbir Unwala - Architect

Helping you make spaces that will be enjoyed for years to come

Arcedior also caters to the following sectors apart from HNI residences:

- Hospitality
- Corporate Spaces
- Education and Healthcare
- Commercial & Residential Real Estate
